

Regionsbyten i svart

Regionsbyten i svart: Vi vill ha en pdf i lager där färgannonsen är döpt till GROUND. Följande lager med adressbyten döps med regionsbokstav (se regionsbokstäver och karta på: www.viivilla.se - våraprodukter - print - klicka på länken under region). Adressbyten får endast innehålla svart färg. Adressbyten som innehåller fler regioner döps till regionsbokstäver med komma i mellan t.e.x. ABn,ABs,C,T,U.

Lagren skapar du redan i Indesign och exporterar med angivna inställningar från vår materialspec.

Vid Export, se till att rutan som heter Create Acrobat Layer är ikryssad.
Fyll i inställningarna enligt följande så blir det rätt...
